

## Station Four Directions

At this station, complete the Civil War Math problems.  
You may write your answers on notebook paper OR  
through Adobe Reader.

You may use a calculator to help you with these  
problems.

Be careful of the problems that ask for dates. The  
number answer has to be written as a date. For  
example the number 2192018 would be 2/19/2018.

Submit in Schoology for the assignment named Civil  
War Math.
